Livres / Books

Patients with Passports Medical Tourism, Law, and Ethics

I. Glenn Cohen

OUP USA 528 pages | December 2014 (estimated)

- The first comprehensive legal and ethical analysis of medical tourism.
- Provides the best data and explanations of the industry that are currently available.
- Examines both the legal and ethical issues raised by medical tourism and how the two interact.
- Contains compelling narratives enabling readers to connect

with the stories as a segue into the relevant legal and ethical issues.

- Tackles the most prevalent legal and ethical issues facing medical tourism today.
